

PARK HYATT MALDIVES™

HADAHAA

BLUE JOURNEYS DIVE AND ACTIVITY CENTRE

Our resort is set in one of the most untouched and beautiful islands in the southernmost tip of the Maldives. A full Park Hyatt Maldives Hadahaa experience is not complete unless you have enjoyed some of the local history, been welcomed into a Maldivian home, fished in our tropical waters aboard a Dhoni – our traditional boat - or have dived beneath the turquoise waters to fully appreciate the vast underwater world living around our untouched coral reef.

We don't offer *trips*; we provide tailor-made journeys that are nothing less than 100% pure Maldives.

You could choose to drift to a local island to collect local spices and herbs with the Executive Chef, spend a couple of hours fishing for snapper and grouper onboard the Dhoni to be cooked fresh when you return back to the resort, have a lavish private picnic in a truly remote location on an uninhabited island or set off into the sunset looking for dolphin.

Visit the towering coral reef cities structured like luxury apartments for the kaleidoscopic reef fish. See graceful shoals of fish as they dance in the sunlight and change direction in unison within the blink of an eye. See Clown Fish nestle in the secure fingers of the magnificent anemones or spot the wary lobsters pop their heads out of their rocky homes. Watch the Thick-lipped Wrasse, in all its rainbow glory, enjoy its coral lunches and be amazed by the streamlined grace of the Black and White Tip Reef Sharks keeping a watchful eye over their territory.

The marine life surrounding our island paradise is more abundant and varied than anywhere else in the Maldives – and best of all, it may be enjoyed either close to the surface of our House Reef or deeper down on the fascinating dive sites of this marine haven.

There are so many options – all you have to do is tell us what you'd like to see and we'll create an experience just for you.

BLUE JOURNEYS EXCURSIONS MENU

SNORKELING

Life Jacket Rental US\$ 10 per person per day

Discover Snorkeling

If you are new to the snorkelling experience, overcome your fears and learn from a professional. Designed especially for beginners, our team will help you gain confidence and guide you on how to become comfortable in the ocean, and explore the underwater world with a private guide.

1 Hour | US\$ 55 per person

Guided House Reef Snorkeling

Your experience will start with a presentation from the Resident Marine Biologist during which you will learn to identify the different species and their behaviour, understand the complex reef systems and marvel at the diversity of endangered species and fragile corals. We will then guide you around our house reef, taking you to the best areas and pointing out interesting features.

1 Hour | US\$ 65 per person

PARK HYATT MALDIVES™

Reef Exploration

Take the opportunity of visiting a country that is famous for its geological structure to understand more about the intriguing

nature of Maldivian atoll and island formation. Climb aboard a dhoni or speed boat and discover what lies beyond the horizon. Travel to several different locations within the atoll and discover the unique and fascinating history behind the topography of the Maldives. See the deep waters of the open ocean abyss as you reach the atoll edge, explore a deserted island, and privately snorkel through untouched reefs with your own personal guide. See how the coral reefs grow and form the underwater structures that have created the scattering of strikingly beautiful islands

3 Hours | US\$ 250 per person

Minimum 2 guests required for excursion to proceed

Journey to Island Creation

Join us on a totally unique and interactive Journey into the heart of the Maldives and discover how this group of paradisiacal islands was created. Our Marine Biologist will guide you through the 5 stages of island creation from initial formation to a modern day environmental resort. Along the way you will physically and visually explore the features of each stage. Be transported by natural currents through island channels, snorkel at each stage and understand the varying flora and fauna of the differing periods in the life of an island. Lunch will take place on an uninhabited desert island before visiting an inhabited island to discover the real Maldives.
