A check/orientation dive is normal procedure

Recommendations

We follow a “look – don’t touch” philosophy

If you don’t have dive insurance, we suggest DAN Maldives temporary insurance for peace of mind

Diving in the Maldives is exciting, but currents can be strong! Please listen to our guides and dive conservatively and within your limits.

We recommend you leave a 24 hour surface interval prior to flying

Drink plenty of water – most cases of decompression sickness in the Maldives are linked to dehydration
